

Office of the Mayor

CITY OF MILWAUKEE

Proclamation

hereas:

The City of Milwaukee proudly joins the public and a nationwide network of energy efficiency groups in celebrating Energy Efficiency Day on Wednesday, October 5, 2022; and,

WHEREAS, Energy Efficiency Day promotes the idea that the cheapest, quickest and cleanest way to meet Milwaukee's energy needs, avoid dangerous pollution, and decrease utility bills for residents and businesses in our community is to reduce our dependence on fossil fuels; and,

WHEREAS, Energy Efficiency Day asks residents to try and reduce the amount of electricity needed to power our lives, which helps avoid power plant emissions that can harm our health, pollute our air and increase the effects of climate change; and,

WHEREAS, Energy Efficiency Day acknowledges that by increasing renewable energy resources, we could save U.S. households billions of dollars on their utility bills every year, up to \$500 per household from appliance efficiency standards alone; and,

WHEREAS, Energy Efficiency Day and other clean energy policies and programs can help boost economic opportunities and job creation while continuing to move Milwaukee toward a sustainable future; and,

WHEREAS, The City of Milwaukee urges the public to continue to contribute to sustainability efforts by learning more about energy efficiency and practicing smarter energy use in their daily lives; and,

NOW, THEREFORE, I, CAVALIER JOHNSON, Mayor of the City of Milwaukee, do hereby proclaim Wednesday, October 5, 2022, to be

ENERGY EFFICIENCY DAY

throughout the City of Milwaukee.

CAVALIER JOHNSON
Mayor
